

REHABILITATION: A full service equine rehabilitation program, we offer a comprehensive and current variety of proven equine therapy modalities & disciplines such as: Treadmill, 6 Horse Euro Walker, Centurion & Sport Innovation Magnetic Therapy, Connective Body Ground Work, Condition through Riding, Chi Machine, Energy Work, Equine Touch, Game Ready, Lasers, Leg Saver, Photonic Laser Pen, Sport Functional Massage, and Therascope. Also provided is hand walking, ice, wrapping, poultices and other supportive therapy treatments. An individual rehabilitation program is created, managed and monitored for each horse using collective input from all relevant parties (i.e. owner, vet, farrier, surgeon, equine dentist, etc.).

RETIREMENT & ASSISTED LIVING CARE: We are here to assist your show horse from stall living to outdoor life. The Yard offers a beautiful location with a safe environment for your horse to retire to with a multitude of options. Your horse deserves the best and you deserve the peace of mind The Yard delivers.

MARE & FOAL CARE: To help in all your breeding needs from Embryo transplant with the assistance of Steinbeck Country Equine Center to foaling out your broodmare, in 16x24 foaling stall. A monitoring system is installed and used for management of the birthing process while allowing privacy to the mare. On-going monitoring is provided by our professional staff seven days a week.

YOUNG HORSE TRAINING: Here at The Yard we train our young horses using positive & correct methods to create a confident horse in keeping a relaxed frame of mind. With a show barn atmosphere, The Yard will prepare from ground work to conditioning through to the show ring.

SUPPLEMENTS: We will feed your supplements as supplied by you. The Yard offers a pellet feed that is filled with a balanced amount of vitamins and minerals for your horse. We consult and advice on additional or alternative supplements is available for your horse. The Yard's staff is experienced with homeopathic and herbal supplements and treatments which provide a natural approach to balancing the physical, physiological and psychological areas of the horse. The veterinarians we work with are also well versed in this science.

VET & FARRIER CARE: The Yard enjoys strong professional relationships with Steinbeck Country Equine Clinic, our local veterinarians and farrier.

OUR FACILITY: Located on 60 acres in the Hollister hills, our custom built facility consists of an enclosed 20 stall barn. The stalls are fully matted, 12 x 16 and each has a large window view to the outside. Designed into the barn are 2 additional therapy stalls, 2 oversize wash racks with hot and cold running water, 4 grooming stalls, a large tack room, bathroom, supplement and laundry room. The breeze-way is expansive with ample ventilation and natural lighting, including skylights. A trunk is provided per stall to store each horse's personal items. Outdoors we have a 150 x 250 all weather riding ring with jumps, a ½ mile conditioning track and the local trail terrain with hills. Finally, Vickie and Pat's home is an extension of the facility and all staff resides on the property. We are a 24 x 7 facility allowing for daily supervision and extra care as needed.

OUR STAFF: Our Staff consists of experienced and seasoned professionals that have a passion & care about the well-being of your horse. Family operated & owned. Staff resides at The Yard...
