What if the weather is bad?

Well as you know, living in Texas can be so unpredictable. I will recommend re-scheduling your session if it has rained and the ground is soaked, and or if there is a heavy storm approaching 1 hour before. I do not mind shooting in mist, and a little drizzle if the client does not mind.

What do I wear?

When it comes to what you wear, it should represent who you are. During your session you should aim to be comfortable. Keep clothing Classic, colorful and fun. I do recommend layers to add interest and texture to your photographs. Try to stay away from large logos and Distracting Patterns. For groups and Families; coordinating clothing is better than matching clothing. Similar color schemes are a great way to complement each other while allowing each person to look unique.
