\$350

60-90 Minute Session

Private Online Gallery for
Viewing + Purchasing

4x6 Proof Prints
*(there are no digital photographs
included in this collection)*

Prices are subject to change at any time.

St. Louis, Missouri based albums and specialty products are subject to a 9.113% sales tax.

FREQUENTLY ASKED QUESTIONS

What should I expect from a portrait session?

It's always best to schedule a session that works well with your little one's schedule, not yours. I typically schedule a session early mornings or at sunset. I work quickly and I can also take my time. The personalities and dynamic of kids really steer how the shoot will play out and how long it will last. I shoot a mix of posed and relaxed candid images on film and digital too. I like to capture everyone together; Mom and Dad together and individuals. Part of the gallery of images will be in film, and I take a few moments during the session to unload and reload new film. Film takes time to be sent to the lab to be developed and processed. Once I receive the images back they are made into digital scans. This process can take 2-3 weeks before your gallery is ready to view.

How do we book a session?

Please choose a collection that fits your needs, no substitutions or changes. I will then email you a contract. A 50% non-refundable retainer is required to book a session. The remaining balance and taxes are due at the time of the session.

When will our photos be available to view?

Your private gallery will be ready to view 2-3 weeks after your session. I will post a password-protected online gallery for you to choose your favorite images, based on the collection you chose. The gallery will be

available for 30 days. Once you select your favorite images, the turn-around time is 2-3 weeks. A \$150 rush fee or holiday rush fee will apply to those in a hurry.

Do you photograph extended family sessions?

At this time, I only focus on one family, and not extended family members. I like the intimate feel of just the immediate family.

How do I print the images?

You have full printing rights. I suggest using higher-end consumer places like Mpix.com. The quality is substantially better than Walgreens, Target, Costco, etc. Of course you can always print directly through me. Your images include both high resolution images for printing and low resolution with a watermark for Facebook and other social media. When posting on Facebook or other social media, you must use the watermarked image(s). Please do not remove the watermark, edit or crop the image.

Do we choose the photos for the album?

If applicable, after you choose your favorite images, I will create your album. After the album is designed, I will email you a link to see the proof. Once you approve, it will be sent to the lab/bindery. Then, 3-4 weeks later, it's all ready for pick up. If you'd prefer to have everything mailed to you, I mail USPS First Class or Priority and FedEx Ground, and applicable fees will apply.
